What is the Code of Ethics?

The Code of Ethical Practices and Conflict of Interest Policy strengthens the Union's ethics rules and standards and helps the Union to accomplish its mission. The Code and policies enable SEIU to meet the ethical challenges that we face as we pursue our ambitious goals. They are intended to give Union members, leaders, and staff a belief in SEIU's commitment to achieve the highest ethical standards. By holding officers and managers accountable, these policies promote the Union's mission of justice for all.

The code of Ethical practices was approved by the International Executive Board on June 13th, 2009. For full text of these documents, go to the "Our Union" section of the SEIU website (www.seiu.org).
